

Career Day 31st May

THE TMC GAZETTE

On Saturday the 31st of May TMC will be hosting a **Career Day** from 11am to 4 pm. We would urge all of our students to make use of this event.

Whether you are about to graduate, have just graduated or have some time to go we are sure you and your friends will find something of value.

In addition to providing an opportunity to meet representatives from various companies, we will also be putting on talks about our programmes and we have arranged a series of special workshops.

These workshops cover a wide range of useful job hunting skills. Many students find that getting a job doesn't just rely on your qualifications, it

also involves your re-sume/C.V, interview skills, and even your personality and personal appearance.

So make use of the opportunity on the 31st of May to pick up some useful skills and tips on how to make yourself stand out from the crowd.

In addition to the job hunting skills we have workshops by Standard Chartered, CPA Australia and the accounting firm Stone Forest.

Remember that this event is open to everyone, so make sure you ask your friends to come along.

Michael Cope
Academic Director

Special points of interest:

- *Message from the Academic Director*
- *Career Day*
- *Career Day Workshops*
- *TMC Alumni*
- *Vietnam Visitors*

Looking for your Dream Job? Search no further. We are bringing it closer to you.

Whether you are about to graduate or have graduated or looking for a career change, you are warmly welcome to attend TMC's 1st Career Day especially organised for you and your friends:

Date : 31st May 2008, Saturday

Time : 11 am to 4 pm

Venue : Capitol Centre

Participating companies come from various industries including multinationals and small and medium enterprises. Be part of one of these dynamic companies! Come to attend their career presentations and interviews and you may land yourself with the dream job on-site. Book this Career Day in your diary and fulfill your career aspirations right on target!

VIETNAM VISITORS

We recently had a total of 20 representatives from 15 agencies in Vietnam who came to visit TMC accompanied by the Singapore Tourist Board. TMC's Vietnamese students were all eager to share with more than 15 turning up to share their experiences with the agents. These students were from a variety of programmes including English, University of Greenwich, and Monash College. The Vietnamese Education Specialists had feedback to STB that they appreciated the arrangements made by TMC and the opportunity to speak to so many enthusiastic students.

We thank the students too for their help in making this event so successful, and each of them had been presented with an appreciation letter by Ms Yeow.

REGISTRATION

For the Career Day Workshops register now at the Student Services Counter.

TMC Alumni : Mohd Shahreen

Higher Diploma in Information Technology Graduated

Upon recommendation by my colleagues, I enrolled for a part-time Higher Diploma in Information Technology course at TMC in April 2007. I am very pleased with my decision as TMC has left me with a truly wonderful experience.

My first lesson at TMC was an experience that I will not forget. I still remember that most of the students were tired after work, but the lecturer effortlessly made the lesson more interactive with scenarios that we could relate to our work and soon a two-way interaction was created. I had a very good first impression. After the first semester, I decided to expedite my Higher Diploma. Everyone was willing to help. They arranged classes to accommodate my 6 modules for that semester. Nobody discouraged me even though I had to complete many modules in the short 3-4 months. The administrative staff were prompt and helpful while the lecturers were passionate in their teaching and went the extra mile to guide me in my academic journey even though they had to stretch their working hours. With their great assistance, I managed to complete my studies within one year and I am now a step closer to pursuing my on-campus studies overseas.

TMC has indeed brought me lots of warm and fond memories. Its conducive and familial environment makes the students feel right at home. With the helpful staff and great environment at TMC, it is no doubt a choice that one should consider.
