

# PRESS RELEASE

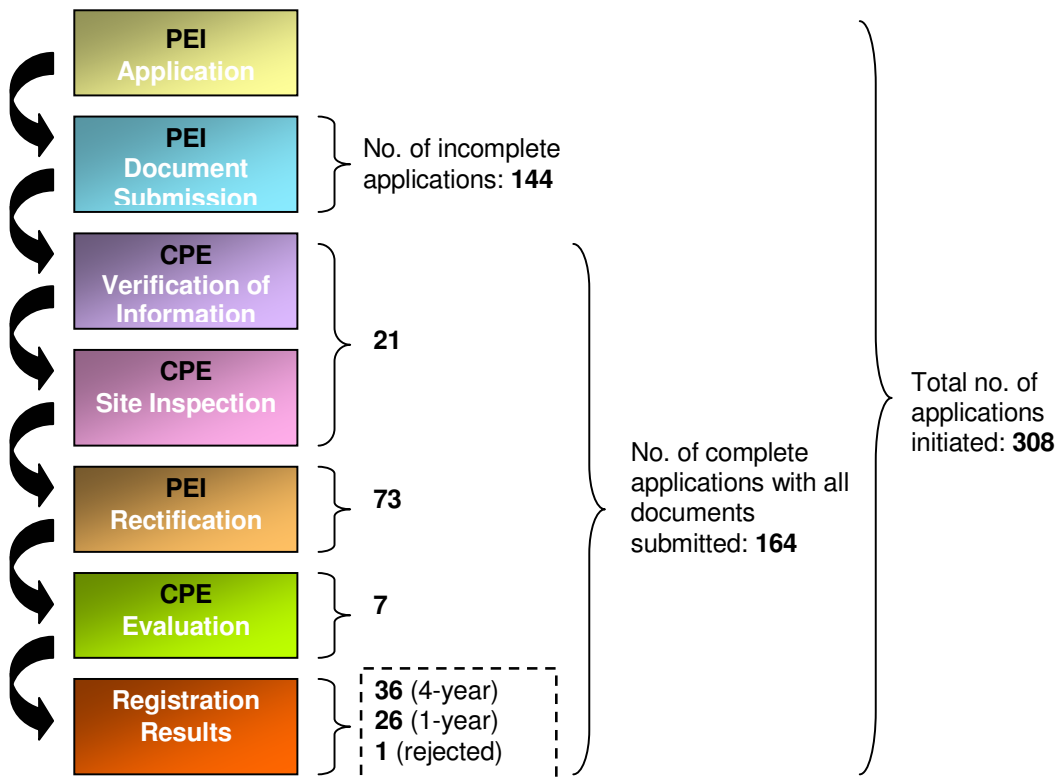

---

20 May 2010

**FOR IMMEDIATE RELEASE**

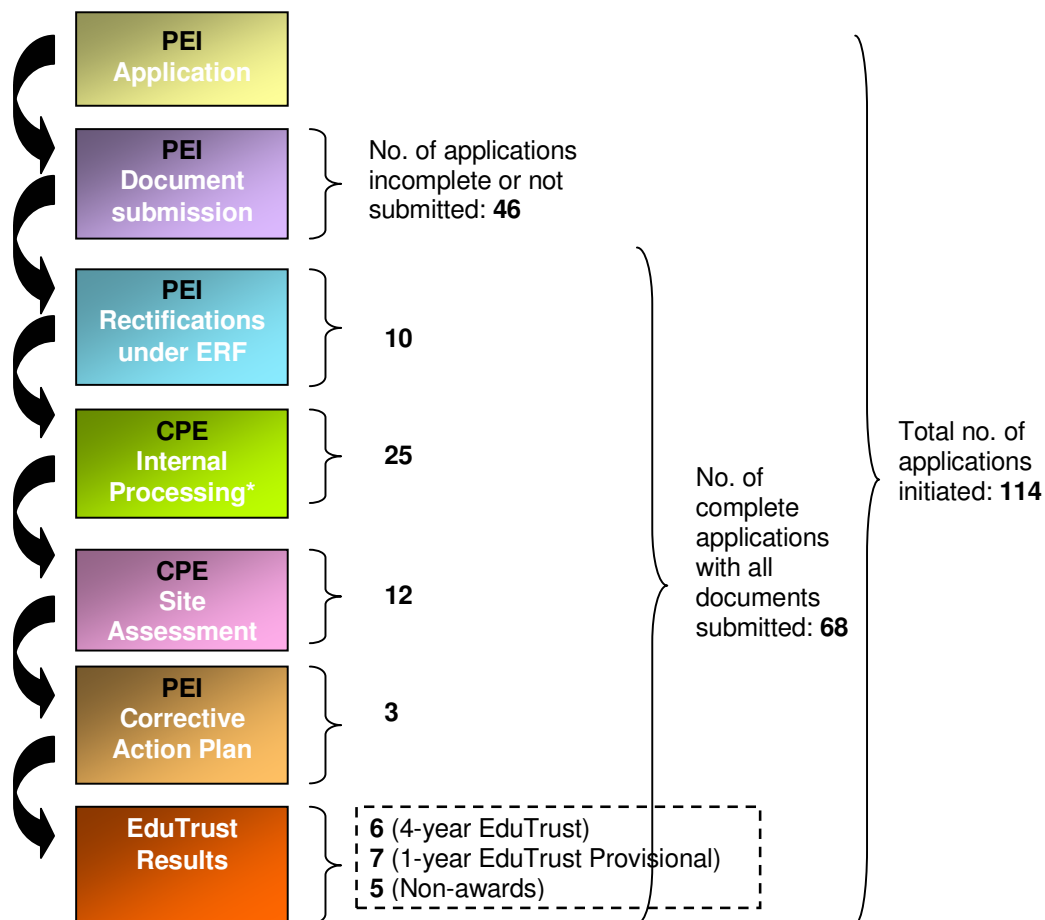

## **FIRST BATCH OF ENHANCED REGISTRATION AND EDU TRUST CERTIFICATION RESULTS**

1. The Council for Private Education (CPE) has registered the first batch of private education institutions (PEIs) under the Enhanced Registration Framework (ERF).
2. Following the launch of the new private education regulatory regime on 21 Dec 2009, all PEIs within the regulatory scope of the Private Education Act are required to register with the CPE under the ERF. As of 18 May 2010, the CPE has received a total of 308 ERF applications, of which 164 applications are complete with all relevant documentation. Most of these applications were submitted in March 2010.
3. To date, 63 ERF applications have been evaluated by the CPE, of which 36 PEIs have been registered for a period of four years, and 26 PEIs have been registered for one year. The registration period awarded to a PEI is dependent on its degree of compliance with the Private Education Regulations. The diagram below shows the status of the ERF applications.

4. PEIs may also apply to attain EduTrust Certification, a quality assurance framework that complements the mandatory registration framework. To be EduTrust-certified, PEIs must have robust their academic systems and processes, and attained quality standards in the delivery of education.

5. To date, the CPE has received 114 applications for EduTrust Certification, of which 68 applications are complete with all relevant documentation. Of these completed applications, 37 were submitted by 31 March 2010, with the bulk of them submitted in March 2010. The CPE has processed 18 applications. To date, 6 PEIs have been awarded EduTrust, and 7 PEIs have been awarded EduTrust Provisional. The diagram below shows the status of the EduTrust applications.

*\*Pending CPE's internal processing for registration and scheduling of certification process*

6. The lists of enhanced-registered PEIs and EduTrust-certified PEIs are in Annex A and Annex B respectively. Further results will be released in due course.

7. PEIs must register with the CPE by 20 June 2011.

## Background

8. In order to be successfully registered under the ERF, PEIs must meet the enhanced requirements relating to their managers, teachers, courses, academic and examination boards, premises and advertisements. Unlike the previous regulatory approach, the registrations are now subject to renewal.

9. The EduTrust Certification Scheme is a quality assurance scheme which assesses PEIs in six key criteria:

- a. Management commitment and responsibilities;

- b. Corporate governance and administration;
- c. External recruitment agents;
- d. Student protection and support services;
- e. Academic processes and assessment of students; and
- f. Quality assurance, monitoring and results.

10. An EduTrust-certified PEI may be awarded with one of the following certificates:

Certification	Validity Period	Characteristics
EduTrust Star	4 years	This award is given to a PEI that has excelled in key areas of management and the provision of quality educational services. This mark is also a recognition for sustained efforts in organisational improvement.
EduTrust	4 years	This award is given to a PEI that has achieved satisfactory to commendable performance in key areas of management and the provision of educational services.
EduTrust Provisional	1 year	This award is given to a PEI that has attained a minimum level of performance in key areas of management and the provision of educational services. In accepting the award, the organisation acknowledges the need to improve its existing management practices and service provisions, and strives to achieve this.
